## THE GRAHAM CHAUTAUQUA.

The Program Announced—To Be Held In Jones and Welling Park From July 4 to 9.

The Graham Chautauqua committee met last Friday evening to make the final arrangements for the chautauqua to be held from July 4 to 9. Mrs. W. E. Freytag and Miss Mollie D. Hall were appointed press committee, and will have tickets on sale by the time this article is published. Season tickets if purchased prior to the opening of the chautauqua, will be \$1 for adults and 50c for children from 7 to 12 years. If purchased at the gate, \$1.25. Tickets can be procured from any of the business houses and the civic league.

The chautauqua will be held in the Jones and Welling park. The committee are especially grateful to the Messrs. Jones and Welling for offering their property. It would be impossible to find a more convenient place. It is a beautiful little park, covered with Missouri blue grass, and has several large shade trees. It lies just between the business and residence districts, and is within easy walking distance from all parts of the town.

During the chautauqua, the streets leading to the park from the Presbyterian church east, to the Royston residence west, and the German parsonage north, will be closed to traffic.

The next meeting of the committee will be on May 16, and future meetings up to the opening of the chautauqua will be held every two weeks. It is hoped that each citizen will feel it his duty to help make this entertainment the best that Graham has ever had. A splendid program has been procured as follows:

## TO RE-BUILD IT TO PLAY IN MAY

OLD WATER TOWER TO BE TORN DOWN TO FORTY FEET.

## OLD TOWER DANGEROUS

Two Propositions Submitted for Concrete Tanks—Tests Being Made of Weight-Bearing Qualities.

The board of public works has been busily at work the past week or so figuring out what was the best thing to be done for the water tower in North Maryville. Several propositions have been made them, but they have not decided which was the best. But on Monday, L. J. Mensch of Chicago, who has been here in conference with the board and inspecting the tower, made a proposition which the board will probably accept, as it seems to be the best plan yet offered so far. Added to this, is the fact that the old tower is dangerous, and may fall at any time.

Mr. Mensch's plan is to tear down the tower to the forty foot line and then rebuild it up to about the ninety foot line, making an eighteen inch wall. The reinforced concrete tank would be built at the ninety foot line. A tank holding 125,000 gallons would cost \$5,150, and one to hold 150,000 gallons would cost \$5,625. Mr. Mensch would not do the tearing down of the tower and building it up again to the ninety foot line, and told the board that they would have to get some one to do this work. S. G. Giliam, a member of the board, is in Kansas City today conferring with Burnes & McDonald and other engineers to find out the price of the work and to see if there was anyone in that city who would do the work.

The tests being made by City Engineer Flynt will be made this week. It is to test the weight-bearing qualities of the ground under the tower.

One reason for building the tower from the forty foot line up fifty feet is that all of the cracks in the wall are between those two lines, and it would be necessary to have a good strong wall in good condition to bear the concrete tank.

The services will be in Miriam cemetery.

THE SUNDAY SCHOOL BASEBALL LEAGUE FIXES DATE.

## HARKNESS PRESIDENT

Presbyterian Pastor Will Boss Athletic Sunday School Scholars—Five Protestant Churches in League.

A meeting of the representatives of the protestant Sunday schools in the city was held Monday night at the First M. E. church and the organization of the Maryville Sunday School Athletic association was perfected. Rev. S. D. Harkness, pastor of the Presbyterian church, was elected president, Prof. V. I. Moore, vice-president, and John McDougal, secretary-treasurer. The board of directors of the association will be composed of John McDougal of the Christian church Sunday school, Professor Moore of the Buchanan Street Methodist Church Sunday school, Prof. W. M. Westbrook of the First Baptist church Sunday school, Emmett Scott of the First M. E. church, and Reverend Harkness of the Presbyterian church.

A baseball league of the Sunday schools of the five protestant churches and of the Harmony church, east of town, will be formed and the first game will probably be played on Saturday afternoon, May 24, at the Normal park. The games of the league will all be played on Saturday and the Normal diamond will be used. A double-header of seven innings each will be given on each Saturday. There will be no admission charge.

The question of eligibility was discussed and it was decided that only those would be eligible to compete in the various games and contests who attended Sunday school at least three Sundays in each month. No age limit was set.

The constitution and by-laws of the association, drafted by Professor Moore, were accepted.

The schedule of the baseball league will be made out this week. In addition to baseball, the association will have a track meet for the boys, in the winter they will have basket ball and other athletic sports from time to time.

## ANOTHER DIVORCE SUIT.

For the June Term of Court—Laura L. Womack Suing C. G. Womack.

A divorce suit was filed Tuesday morning in Circuit Clerk Rathbun's office by George Wright for Laura L. Womack versus C. G. Womack. The petition states that they were married in May, 1891, and lived together until April, 1912. The petition charges indignities and abandonment. A divorce and the custody of a minor, Charles Gleason Womack, aged 11 years, are asked for.

## Is Visiting His Brother.

Robert Saunders of Oklahoma City, Okla., is visiting his brother, James H. Saunders, and other relatives in Maryville this week. Mr. Saunders is a former resident of this city. He came here in 1846.

## To Attend Board Meeting.

George B. Baker, a member of the board of managers of the asylum at St. Joseph, will go to that city on Wednesday to attend a meeting of the board. At this time, the appointments will be made.

Mrs. Susan Case of Gordon, Neb., and Stratford Saunders of Skidmore, who attended the funeral of their sister, Mrs. N. A. Kananough, Saturday afternoon left for their homes Monday morning.

## Was a Masterly Address.

The following is taken from the Darlington correspondence in last week's Albany Capital:

"The class address, 'Mushrooms and Oaks,' by Rev. Claude J. Miller of Maryville, was certainly a masterpiece in its line, and is one of the very best ever enjoyed by a Darlington audience. We hope to hear him again.

## NORMAL BOARD TO MEET.

Board of Regents Will Hold Annual Meeting in Maryville on Monday, May 19.

President W. A. Blagg of the board of regents of the Normal has called a meeting of the board on Monday, May 19, at Maryville. The purpose of the meeting is to organize the board and to select the faculty of the school for the summer term and the next year.

## WILL MAKE SELECTIONS.

County Highway Commission to Make Inspection Trip of Roads to Pick Out the Best.

The county highway commission, which was selected Monday by the county court, will meet in ten days for the purpose of organizing and after organizing will then inspect the most practical roads for the county seat highways. There are to be six roads to be picked, one from Maryville to Rock Port, one to Oregon, one to Grant City, one to Albany, one to Savannah, and one to the state line.

The board will select the roads that are the best and in some cases will probably not take into consideration the distance. The condition of the road will largely determine, and if any town or party of farmers are after these roads, it would be well for them to get busy at once and get their road in good condition. Parnell and Ravenwood are after the road from Maryville to Grant City and are working hard for it. Other towns in the county will probably make an effort for some of these roads.

## BASEBALL GAME FRIDAY.

Normals Meet Amity College—Teachers to Play Conception Next Monday.

The baseball game that was to have been played at the Normal Tuesday afternoon between the Normal team and Tarkio College was called off Monday night on account of the wet condition of the diamond.

The next at-home game for the local teachers will be staged next Friday afternoon, when the Amity College squad comes to Maryville to renew old hostilities. The two towns have not yet met this year, and little is known concerning the strength of the Iowans. The Normals defeated them in both engagements last year.

Next Monday the Conception College will come to the Normal pasture for a return engagement. The Catholics beat the teachers the first of the season in a close game by a count of 5 to 4. "Lefty" McDougal, who held the collegians safe until the seventh inning, will be sent against them again Monday.

On Wednesday, May 21, Coach Moore will lead his Normal team on an invasion through Missouri, Iowa and Nebraska, playing Tarkio, Amity and Peru Normal.

Prof. V. I. Moore of the Normal has been selected as clerk for the Missouri Valley Interscholastic track meet to be held Saturday at St. Joseph at Lake Contrary.

Mr. and Mrs. Frank Reavis went to Parnell Sunday and will visit until Monday night with Mrs. Reavis' parents, Mr. and Mrs. A. Thummell.

Celebrated English Physician, Lecturer And Author. Who Is Ill.

Dr. Osler achieved considerable notoriety several years ago when it was published that in a lecture he had advocated the chloroforming of people when they reached the age of sixty. He afterward explained that parts of a humorous remark had been misinterpreted and enlarged upon by reporters. He is at the home of Dr. A. A. Cushing, Brookline, Mass.

## "BOSS" LOSES JOB

JOHN S. MILLER SUCCEEDS HIM AS JUSTICE OF THE PEACE.

## COURT MADE TAX LEVY

Court Says It Will Take \$85,000 to Run the County—Burlington Junction Wants New Bridge.

The county court in session Tuesday made their tax levy for the year 1913. They estimated that it will take \$85,000 for the current expenses of the county for the coming year.

A county tax of 50 cents on each \$100 valuation was ordered and 80 per cent of the amount will go to county organization and 20 per cent to township organization.

The state tax will be 15 cents on each \$100 valuation. Added to this, will be 2 cents for state interest and 2 cents for state capital building.

The court ordered a levy of 1½ cents on \$100 valuation for interest fund of the poor house and 2½ cents for the principal of poor house bonds.

The county clerk was ordered to extend the school levies and also the township levies on the tax books for this year.

John S. Miller was appointed Tuesday as justice of the peace. He was selected to take the place of Amos Sprecher, who declined to qualify. The appointment of Miller will put "Boss" J. W. Morris out of the justice office.

A large delegation from Burlington Junction appeared before the court Tuesday afternoon to get the county to repair the approach to the Nodaway river bridge west of the Junction. The approach is in bad condition and it is necessary for something to be done at once. In the party were Judge W. M. Staples, Enos Fast, Miles Fast, George Surface, Walter Cochran, O. F. Wilson, Representative John Praise-water, Charles Zarn, John Fox, Charles Miller, Rolla Rees, Lem Carter, Wm. Messbarger and Amos Walter.

## IS SUING FOR DIVORCE.

Don A. Belcher Brings Suit Against John Belcher and Will Come Up at June Term.

A suit for divorce was filed Tuesday in Circuit Clerk Rathbun's office by Shinabargar, Blagg & Ellison for Don A. Belcher versus John Belcher. The petition states that they were married in Buchanan county in October, 1902, and lived together until July, 1912. Indignities offered to the plaintiff are the grounds for the divorce.

## FIRE AT ROSENDALE.

Beecher's Drug Store, John's Merchandise Store and Opera House Totally Destroyed.

Rosendale had a bad fire this morning about 4 o'clock and a new block of buildings were totally destroyed. Beecher's drug store, John's general store, the new opera house and the Poston house were all burned and nothing was saved. The new building was built last fall. The cause of the fire is not known.

It took hard work to save the other building adjoining. The fire will amount to about \$20,000.

House Passes More Drastic Anti-Alien Bill Than California.

### SENATE WILL FOLLOW SUIT.

Washington Administration Finds Problem Arising Out of Legislation Directed at Orientals Complex—Judicial Test of California Law.

Phoenix, Ariz., May 6.—To take the place of the unenforced measure, enacted a year ago, the lower house of the state legislature passed an anti-alien land ownership bill that is far more drastic than the California legislation on the same subject. The act prohibits any alien who has not declared intention to become a citizen from acquiring title to real property. It is expected the senate will pass the bill.

Washington, May 6.—The Japanese embassy was supplied by the state department with a copy of the alien land owning bill passed by the California legislature and the ambassador will employ the time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure.

It is well understood that to settle the question, no matter what may be the point of objection, will require the action of the United States courts and much consideration must be given to the procedure to be followed in arranging for a judicial test of the California law.

### WILBUR WILL NOT TRY CASE

Sister of Bixby Had Been Active Against Him Politically.

Los Angeles, May 6.—Occupying the attention of the four courts and the county grand jury, the white slavery investigation was resumed here after a recess of two days.

Judge Wilbur of the juvenile court declared he was not qualified to try the case of George H. Bixby, the Long Beach capitalist, indicted on charges of having contributed to the delinquency of two minor girls, because the defendant's sister, Miss Fanny Bixby, having been active against him in a political way. The case was sent back to Presiding Judge Paul J. McCormick, who set May 15 as the time for the capitalist to plead on the two indictments against him. Judge McCormick did not name the trial judge.

### MT. AYE.

Quite a nice surprise was planned and successfully carried out Thursday night for Mrs. Silas Mozingo. The neighbors met at the at the home of Mr. Hornbuckle about 8 o'clock and went down in a body. To say it was a complete surprise would be under estimating. They certainly had an elegant time. The hostess, assisted by Mrs. John Dick and others, served ice cream and cake. After a late hour, all the guests departed, wishing Mrs. Mozingo many happy returns of the day.

Peddlers seem quite a nuisance around here at present. We think the best plan is to trade with home stores. Transient peddlers do nothing towards keeping up our town or keeping our roads in good shape. We would advise, "put them out of business."

Too much rain for the farmer at present; certainly puts them behind time getting in their corn early, so it will get out of the way of frost.

Oba Hall has been helping Leslie Inman, plowing and harrowing.

Frank Hall and family were Sunday guests of D. M. Pike and family, Mrs. Hall's mother and father.

Ben Thompson's family and Elmer Thompson were Sunday dinner guests of Wm. Mozingo and family.

John Dick and brothers have their ground all nicely cleared and broke and harrowed and melons planted. They are certainly raisers of fine melons.

Frank Hall certainly is the champion molasses maker—planting five acres of cane.

There will be an abundance of fruit of nearly all kinds this season, if nothing severe happens.

Oats are looking fine. Potatoes are coming right along; gardens also are just fine.

Miss Vannie Knobs is certainly champion chicken raiser; has been raising about seven hundred per year. Keeps about three hundred hens; takes two crates of eggs off each week.

The protracted meeting which has been in progress for two weeks at Bedison, conducted by Rev. Snodgrass, has closed with three conversions. On Sunday at 2:30 o'clock preaching to the ladies and the sermon to the gentlemen was held at the Bedison school house. Mrs. F. P. Robinson sang a solo at the church for the ladies. On Monday the rites of baptism were attended to at Arkoe. The church seems greatly revived.

## Practical Labor Savers for the House Wife

You should not be without three articles that we sell; in fact, four articles that we sell—these are:

**Howard Dustless Dusters**  
**Davis Self Oiling Mops**  
**Bissell Carpet Sweepers**  
**Var-Noleum for Lineolium**

**HOWARD DUSTLESS DUSTERS** are sanitary, antiseptic and the only original and chemically treated cloth that dusts, cleans and polishes furniture, metal or glass. There is no oil to soil, and they can be easily cleaned with hot water and soap. Every automobile owner should have one of these. They are made in a large size for this purpose and the price is only 45c.

**DAVIS SELF OILING MOPS**—These mops appeal at once to the "Lady of the House." It overcomes all of the objections formerly raised to Oil-Polish Mops. The self-oiling feature does away with the soiling of the hands in oiling the mop. This method of treating the old style mop is undesirable, as when the mop first comes in contact with the floor, after oiling, there is left a large smudge of oil, but with the Davis Self Oiling Mop the oil is evenly fed to all of the strands. With reasonable care the DAVIS SELF OILING MOP will last for years in ordinary household use. This mop is guaranteed for one year against any defects in material or workmanship. We know you will appreciate the many advantages in the use of this mop over the old way of getting down on hands and knees using a slush mop and a bucket of water.

**BISSELL CARPET SWEEPERS**—We just received a beautiful assortment of these new sweepers in various kinds of woods of finishes. All of these new sweepers are "Cyclo" Ball Bearing, and have the rubber bumpers to protect your furniture. No other cleaning device, pneumatic, suction or vacuum, can gather the miscellaneous litter than the Bissell sweeper simply swallows up without effort. These sweepers are the standard of the world—they are light to handle, simple to operate, and always ready. We have a price to suit every purse.

**VAR-NOLEUM** will preserve your linoleum or oil cloth. Gives it a beautiful lustre and makes it look like new. It saves labor in keeping the floor clean, and preserves the pattern from wearing off. Price, 50c a pint.

## FREE LIST STILL OCCUPIES HOUSE

Republicans Make Perfunctory Attempts to Amend Schedules.

## MAJORITY WORKING SMOOTHLY

Moore Makes Unsuccessful Effort to Take Bibles From Free List—Senate Finance Committee Decided Not to Hold Any Oral Hearings.

Washington, May 6.—The free list of the Underwood tariff bill, with its Democratic promises of reductions in the cost of living, again furnished the gist of the legislative mills of the house this morning. The Republicans, weary of the persistence with which the Democrats rejected all amendments, made perfunctory attempts to put on the dutiable list items the Underwood bill would admit free. Only a few minor amendments presented by the ways and means committee Democrats were adopted.

The senate finance committee decided not to hold oral hearings on the various schedules, but to accept and consider any briefs that might be submitted by those interested in the tariff.

## Arguments Perfunctory.

Republican opposition centered about the paragraphs admitting free of duty coal, iron ore, cotton, wool, wheat, wheat flour, corn, buckwheat, wood pulp and print paper, meats, lumber, leather, potatoes, works of art, fish, steel rails, barbed wire and dairy products. All of the amendments offered were argued in a more or less perfunctory fashion, and the sweltering majority, forced to remain in their seats in the hall where the temperature soared, drowned each succeeding Republican proposition in a deluge of "noes."

At last night's session the Democrats rejected an amendment offered by Representative Good (Ia.) to provide for ante-mortem inspection of foreign meats. Free listing meats, Good pointed out, would repeal the provision in the present law for such inspection, and he insisted that voting down his amendment would result in flooding the country with diseased meat from rejected cattle.

## Willis Supports Amendment.

Representative Willis (O.) supported the amendment. Representative Underwood declared the Republicans overlooked a provision of the pure food law requiring inspection certificates satisfactory to the secretary of agriculture on all meat imported. If this law had any loopholes in it, he said, the Democrats would pass one that would absolutely safeguard American health.

An unsuccessful effort was made by Representative Moore (Pa.) to have bibles taken from the free list. He paid tribute to the Scriptures, but said he saw no reason why bibles of foreign manufacture should be admitted free of duty for sale in this country.

## MUST PAY BACK MONEY

Court Rules Against Woman Who Used Spooks to Get Cash.

Washington, May 6.—Laura B. Cramer, a state department clerk, charged with having used "spook influence" upon Fenton J. Hurd, a Greenwich (Conn.) millionaire, to obtain \$40,000, will have to turn the money back to his estate. Mrs. Cramer admitted having obtained \$24,000 "because Hurd was grateful for her care of him," and a lower court left her in possession of the money. The court of appeals reversed that decision. The next step in the proceeding, which has been a long one, will be to locate the money, said to be tied up in securities. Hurd was declared incompetent by the Connecticut court.

## NEW YORK SCHOOL BOYS WILL CUT OUT PASTRY.

New York, May 6.—New York school boys have been asked to continue until June 6, at least, a test in self-denial, in which they will abstain from using cheap candies, unwholesome pies, greasy pastry, and soda water flavored with highly colored syrups. The Public Schools' Athletic League makes the request and promises to the boys who keep their pledge that they will excel in athletic contests to be held in Central park on June 6, when 10,000 will participate.

## First White Born in Nebraska Dies.

Nenasha, Wis., May 6.—Mrs. Martha Allis Hollins, aged seventy-two years, widow of the late Judge George W. Hollins of Minneapolis, died at the home of her daughter, Mrs. Herbert A. Robinson, in this city. Mrs. Hollins had the distinction of being the first white child born in the state of Nebraska. She was a daughter of the late Rev. Samuel Allis and she was born on the present site of Omaha, Nov. 15, 1841.

## Smothers' Infant Brother in Pillows.

Winfield, Kan., May 6.—Leroy Neal, the three-months-old son of L. D. Neal, living here, was smothered to death by his brother, two years old, who, while at play, piled pillows upon the baby's head.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardul.

Meets, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill, by preventing serious sicknesses.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it.

It may be just the medicine you need.

## THE GRAHAM CHAUTAUQUA.

The Program Announced—To Be Held In Jones and Welling Park From July 4 to 9.

The Graham Chautauqua committee met last Friday evening to make the final arrangements for the chautauqua to be held from July 4 to 9. Mrs. W. E. Freytag and Miss Mollie D. Hall were appointed press committee, and will have tickets on sale by the time this article is published. Season tickets if purchased prior to the opening of the chautauqua, will be \$1 for adults and 50c for children from 7 to 12 years. If purchased at the gate, \$1.25. Tickets can be procured from any of the business houses and the civic league.

The chautauqua will be held in the Jones and Welling park. The committee are especially grateful to the Messrs. Jones and Welling for offering their property. It would be impossible to find a more convenient place. It is a beautiful little park; covered with Missouri blue grass, and has several large shade trees. It lies just between the business and residence districts, and is within easy walking distance from all parts of the town.

During the chautauqua, the streets leading to the park from the Presbyterian church east, to the Royston residence west, and the German parsonage north, will be closed to traffic.

The next meeting of the committee will be on May 16, and future meetings up to the opening of the chautauqua will be held every two weeks. It is hoped that each citizen will feel it his duty to help make this entertainment the best that Graham has ever had. A splendid program has been procured as follows:

Friday, July 4—Music, Jones' Hawk-eye Singing Girls.

Saturday, July 5—Music, Prof. Jesse Greenup; lecture, Dr. W. H. Bickers.

Sunday, July 6—Music (sacred), Prof. Jesse Greenup; lecture, "The Carpenter of Nazareth," Dr. W. H. Bickers.

MISS W. D. HALL,

## His Eighty-Ninth Birthday.

James H. Saunders, living on West Fourth street is celebrating his eighty-ninth birthday anniversary today. He was born on May 6, 1824, in Madison county and came to Nodaway county in 1845 and since that time has lived the greater part of the time in Maryville. He is enjoying very good health, but for the past week or so has been confined to his home with sickness. His brother, Robert Saunders of Oklahoma City, Okla., arrived in the city Monday night for a visit with him.

## He Is After Estate.

Treasurer W. R. Tilson received a letter Monday from J. A. Brady of Kansas City, wanting information in regard to the estate of Wm. Brady at Los Angeles, Calif. The letter goes on to state that he had a brother in Los Angeles and the last time he heard from him was in 1889.

## Sold Burnham Residence.

## TO RE-BUILD IT TO PLAY IN MAY

OLD WATER TOWER TO BE TORN DOWN TO FORTY FEET.

## OLD TOWER DANGEROUS

Two Propositions Submitted for Concrete Tanks—Tests Being Made of Weight-Bearing Qualities.

The board of public works has been busily at work the past week or so figuring out what was the best thing to be done for the water tower in North Maryville. Several propositions have been made them, but they have not decided which was the best. But on Monday, L. J. Mensch of Chicago, who has been here in conference with the board and inspecting the tower, made a proposition which the board will probably accept, as it seems to be the best plan yet offered so far. Added to this, is the fact that the old tower is dangerous, and may fall at any time.

Mr. Mensch's plan is to tear down the tower to the forty foot line and then rebuild it up to about the ninety foot line, making an eighteen inch wall. The reinforced concrete tank would be built at the ninety foot line. A tank holding 125,000 gallons would cost \$5,150, and one to hold 150,000 gallons would cost \$5,625. Mr. Mensch would not do the tearing down of the tower and building it up again to the ninety foot line, and told the board that they would have to get some one to do this work. S. G. Gillam, a member of the board, is in Kansas City today conferring with Barnes & McDonald and other engineers to find out the price of the work and to see if there was anyone in that city who would do the work.

The tests being made by City Engineer Plynt will be made this week. It is to test the weight-bearing qualities of the ground under the tower.

One reason for building the tower from the forty foot line up fifty feet is that all of the cracks in the wall are between those two lines, and it would be necessary to have a good strong wall in good condition to bear the concrete tank.

## UNVEILING CEREMONY.

The Woodmen of the World Will Hold Their Annual Exercises on Sunday, June 8.

The Woodmen of the World will hold their unveiling ceremony and annual decoration of graves of deceased members on Sunday, June 8th. The local camp has invited the members of Woodmen camps in surrounding towns to participate in the services and a number are expected to attend. In addition to the usual decoration of graves this year the monument erected by the Woodmen to the memory of Chas. C. Grems will be unveiled with the full ritualistic work of the order. The services will be in Miriam cemetery.

## Will Leave This Week.

W. A. Robertson expects to leave the latter part of this week for Milwaukee, Wis., where he has a six months' engagement with the Klitties' band at that place. The band will furnish music at the Schlitz palm garden in that city. Mr. Robertson has been connected with the Maryville band since he has been in the city, and has been one of its best players.

## Will Attend Club Meeting.

Mrs. G. H. Colbert will leave Wednesday morning for Columbia, where she will attend the meeting of the Missouri Federation of Women's Clubs to be held Wednesday, Thursday and Friday. She will also visit her son, Herschel Colbert, a student at the state university.

Mrs. Joseph Brown and two children of Kansas City arrived Saturday night on a visit to Mrs. Brown's parents, Mr. and Mrs. Fred Hastings. Mr. Hastings, who has been sick for some time, remains about the same.

## THE SUNDAY SCHOOL BASEBALL LEAGUE FIXES DATE.

## HARKNESS PRESIDENT

Presbyterian Pastor Will Boss Athletic Sunday School Scholars—Five Protestant Churches in League.

A meeting of the representatives of the protestant Sunday schools in the city was held Monday night at the First M. E. church and the organization of the Maryville Sunday School Athletic association was perfected. Rev. S. D. Harkness, pastor of the Presbyterian church, was elected president, Prof. V. I. Moore, vice-president, and John McDougal, secretary-treasurer. The board of directors of the association will be composed of John McDougal of the Christian church Sunday school, Professor Moore of the Buchanan Street Methodist Church Sunday school, Prof. W. M. Westbrook of the First Baptist church Sunday school, Emmett Scott of the First M. E. church, and Reverend Harkness of the Presbyterian church.

A baseball league of the Sunday schools of the five protestant churches and of the Harmony church, east of town, will be formed and the first game will probably be played on Saturday afternoon, May 24, at the Normal park. The games of the league will all be played on Saturday and the Normal diamond will be used. A double-header of seven innings each will be given on each Saturday. There will be no admission charge.

The question of eligibility was discussed and it was decided that only those would be eligible to compete in the various games and contests who attended Sunday school at least three Sundays in each month. No age limit was set.

The constitution and by-laws of the association, drafted by Professor Moore, were accepted.

The schedule of the baseball league will be made out this week. In addition to baseball, the association will have a track meet for the boys, in the winter they will have basket ball and other athletic sports from time to time.

## ANOTHER DIVORCE SUIT.

For the June Term of Court—Laura I. Womack Suing C. G. Womack.

A divorce suit was filed Tuesday morning in Circuit Clerk Rathbun's office by George Wright for Laura I. Womack versus C. G. Womack. The petition states that they were married in May, 1891, and lived together until April, 1912. The petition charges indignities and abandonment. A divorce and the custody of a minor, Charles Gleason Womack, aged 11 years, are asked for.

## Is Visiting His Brother.

Robert Saunders of Oklahoma City, Okla., is visiting his brother, James H. Saunders, and other relatives in Maryville this week. Mr. Saunders is a former resident of this city. He came here in 1846.

## To Attend Board Meeting.

George B. Baker, a member of the board of managers of the asylum at St. Joseph, will go to that city on Wednesday to attend a meeting of the board. At this time, the appointments will be made.

Mrs. Susan Case of Gordon, Neb., and Stratford Saunders of Skidmore, who attended the funeral of their sister, Mrs. N. A. Kanaanaugh, Saturday afternoon left for their homes Monday morning.

## Was a Masterly Address.

The following is taken from the Darlington correspondence in last week's Albany Capital:

The class address, "Mushrooms and Oaks," by Rev. Claude J. Miller of Maryville, was certainly a masterpiece in its line, and is one of the very best ever enjoyed by a Darlington audience. We hope to hear him again.

## NORMAL BOARD TO MEET.

Board of Regents Will Hold Annual Meeting in Maryville on Monday, May 19.

President W. A. Blagg of the board of regents of the Normal has called a meeting of the board for Monday, May 19, at Maryville. The purpose of the meeting is to organize the board and to select the faculty of the school for the summer term and the next year.

## WILL MAKE SELECTIONS.

County Highway Commission to Make Inspection Trip of Roads to Pick Out the Best.

The county highway commission, which was selected Monday by the county court, will meet in ten days for the purpose of organizing and after organizing will then inspect the most practical roads for the county seat highways. There are to be six roads to be picked, one from Maryville to Rock Port, one to Oregon, one to Grant City, one to Albany, one to Savannah, and one to the state line.

The board will select the roads that are the best and in some cases will probably not take into consideration the distance. The condition of the road will largely determine, and if any town or party of farmers are after these roads, it would be well for them to get busy at once and get their road in good condition. Parnell and Ravenwood are after the road from Maryville to Grant City and are working hard for it. Other towns in the county will probably make an effort for some of these roads.

## BASEBALL GAME FRIDAY.

Normals Meet Amity College—Teachers to Play Conception Next Monday.

The baseball game that was to have been played at the Normal Tuesday afternoon between the Normal team and Tarkio College was called off Monday night on account of the wet condition of the diamond.

The next at-home game for the local teachers will be staged next Friday afternoon, when the Amity College squad comes to Maryville to renew old hostilities. The two towns have not yet met this year, and little is known concerning the strength of the Iowans. The Normals defeated them in both engagements last year.

Next Monday the Conception College will come to the Normal pasture for a return engagement. The Catholics beat the teachers the first of the season in a close game by a count of 5 to 4. "Lefty" McDougal, who held the collegians safe until the seventh inning, will be sent against them again Monday.

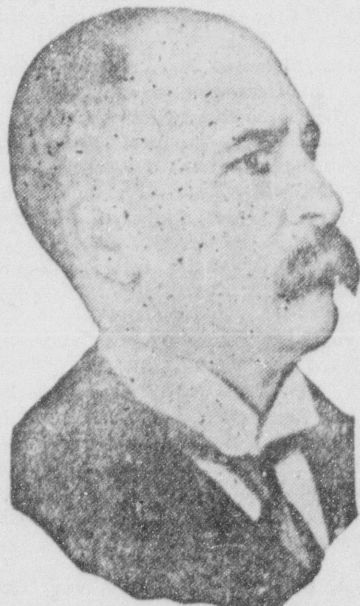

On Wednesday, May 21, Coach Moore will lead his Normal team on an invasion through Missouri, Iowa and Nebraska, playing Tarkio, Amity and Peru Normal.

Prof. V. I. Moore of the Normal has been selected as clerk for the Missouri Valley interscholastic track meet to be held Saturday at St. Joseph at Lake Contrary.

Mr. and Mrs. Frank Reavis went to Parnell Sunday and will visit until Monday night with Mrs. Reavis' parents, Mr. and Mrs. A. Thummell.

## DR. WILLIAM OSLER.

Celebrated English Physician, Lecturer And Author, Who Is Ill.

Dr. Osler achieved considerable notoriety several years ago when it was published that in a lecture he had advocated the chloroforming of people when they reached the age of sixty. He afterward explained that parts of a humorous remark had been misinterpreted and enlarged upon by reporters. He is at the home of Dr. A. A. Cushing, Brookline, Mass.

## "BOSS" LOSES JOB

JOHN S. MILLER SUCCEEDS HIM AS JUSTICE OF THE PEACE.

## COURT MADE TAX LEVY

Court Says It Will Take \$85,000 to Run the County—Burlington Junction Wants New Bridge.

The county court in session Tuesday made their tax levy for the year 1913. They estimated that it will take \$85,000 for the current expenses of the county for the coming year.

A county tax of 50 cents on each \$100 valuation was ordered and 80 per cent of the amount will go to county organization and 20 per cent to township organization.

The state tax will be 15 cents on each \$100 valuation. Added to this, will be 2 cents for state interest and 2 cents for state capitol building.

The court ordered a levy of 1½ cents on \$100 valuation for interest fund of the poor house and 2½ cents for the principal of poor house bonds.

The county clerk was ordered to extend the school levies and also the township levies on the tax books for this year.

John S. Miller was appointed Tuesday as justice of the peace. He was selected to take the place of Amos Sprecher, who declined to qualify. The appointment of Miller will put "Boss" J. W. Morris out of the justice office.

A large delegation from Burlington Junction appeared before the court Tuesday afternoon to get the county to repair the approach to the Nodaway river bridge west of the Junction. The approach is in bad condition and it is necessary for something to be done at once. In the party were Judge W. M. Staples, Enos Fast, Miles Fast, George Surface, Walter Cochran, O. F. Wilson, Representative John Praise-water, Charles Zarn, John Fox, Charles Miller, Rolla Rees, Lem Carter, Wm. Messbarger and Amos Walter.

## IS SUING FOR DIVORCE.

Don A. Belcher Brings Suit Against John Belcher and Will Come Up at June Term.

A suit for divorce was filed Tuesday in Circuit Clerk Rathbun's office by Shinabargar, Blagg & Ellison for Don A. Belcher versus John Belcher. The petition states that they were married in Buchanan county in October, 1902, and lived together until July, 1912. Indignities offered to the plaintiff are the grounds for the divorce.

## FIRE AT ROSENDALE.

Beechner's Drug Store, John's Merchandise Store and Opera House Totally Destroyed.

Rosendale had a bad fire this morning about 4 o'clock and a new block of buildings were totally destroyed. Beechner's drug store, John's general store, the new opera house and the Poston house were all burned and nothing was saved. The new building was built last fall. The cause of the fire is not known.

It took hard work to save the other building adjoining. The fire will amount to about \$20,000.

## DEATH NEAR CLYDE.

House Passes More Drastic Anti-Alien Bill Than California.

### SENATE WILL FOLLOW SUIT.

Washington Administration Finds Problem Arising Out of Legislation Directed at Orientals Complex—Judicial Test of California Law.

Phoenix, Ariz., May 6.—To take the place of the unenforced measure, enacted a year ago, the lower house of the state legislature passed an anti-alien land ownership bill that is far more drastic than the California legislation on the same subject. The act prohibits any alien who has not declared intention to become a citizen from acquiring title to real property. It is expected the senate will pass the bill.

Washington, May 6.—The Japanese embassy was supplied by the state department with a copy of the alien land owning bill passed by the California legislature and the ambassador will employ the time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure.

It is well understood that to settle the question, no matter what may be the point of objection, will require the action of the United States courts and much consideration must be given to the procedure to be followed in arranging for a judicial test of the California law.

### WILBUR WILL NOT TRY CASE

Sister of Bixby Had Been Active Against Him Politically.

Los Angeles, May 6.—Occupying the attention of the four courts and the county grand jury, the white slavery investigation was resumed here after a recess of two days.

Judge Wilbur of the juvenile court declared he was not qualified to try the case of George H. Bixby, the Long Beach capitalist, indicted on charges of having contributed to the delinquency of two minor girls, because the defendant's sister, Miss Fanny Bixby, having been active against him in a political way. The case was sent back to Presiding Judge Paul J. McCormick, who set May 15 as the time for the capitalist to plead on the two indictments against him. Judge McCormick did not name the trial judge.

### MT. AYR.

Quite a nice surprise was planned and successfully carried out Thursday night for Mrs. Silas Moringo. The neighbors met at the home of Mr. Hornbuckle about 8 o'clock and went down in a body. To say it was a complete surprise would be underestimating. They certainly had an elegant time. The hostess, assisted by Mrs. John Dick and others, served ice cream and cake. After a late hour, all the guests departed, wishing Mrs. Moringo many happy returns of the day.

Peddlers seem quite a nuisance around here at present. We think the best plan is to trade with home stores. Transient peddlers do nothing towards keeping up our town or keeping our roads in good shape. We would advise, "put them out of business."

Too much rain for the farmer at present; certainly puts them behind time getting in their corn early, so it will get out of the way of frost.

Oba Hall has been helping Leslie Inman, plowing and harrowing.

Frank Hall and family were Sunday guests of D. M. Pike and family, Mrs. Hall's mother and father.

Ben Thompson's family and Elmer Thompson were Sunday dinner guests of Wm. Moringo and family.

John Dick and brothers have their ground all nicely cleared and broke and harrowed and melons planted. They are certainly raisers of fine melons.

Frank Hall certainly is the champion molasses maker—planting five acres of cane.

There will be an abundance of fruit of nearly all kinds this season, if nothing severe happens.

Oats are looking fine. Potatoes are coming right along; gardens also are just fine.

Miss Vannie Knobbs is certainly champion chicken raiser; has been raising about seven hundred per year. Keeps about three hundred hens; takes two crates of eggs off each week.

The protracted meeting which has been in progress for two weeks at Bedison, conducted by Rev. Snodgrass, has closed with three conversions. On Sunday at 2:30 o'clock preaching to the ladies and the sermon to the gentlemen was held at the Bedison school house. Mrs. F. P. Robinson sang a solo at the church for the ladies. On Monday the rites of baptism were attended to at Arkoe. The church seems greatly revived.

**Var-Noleum for Lineolum**

**HOWARD DUSTLESS DUSTERS** are sanitary, antiseptic and the only original and chemically treated cloth that dusts, cleans and polishes furniture, metal or glass. There is no oil to soil, and they can be easily cleaned with hot water and soap. Every automobile owner should have one of these. They are made in a large size for this purpose and the price is only 45c.

**DAVIS SELF OILING MOPS**—These mops appeal at once to the "Lady of the House." It overcomes all of the objections formerly raised to Oil-Polish Mops. The self-oiling feature does away with the soiling of the hands in oiling the mop. This method of treating the old style mop is undesirable, as when the mop first comes in contact with the floor, after oiling, there is left a large smudge of oil, but with the Davis Self Oiling Mop the oil is evenly fed to all of the strands. With reasonable care the DAVIS SELF OILING MOP will last for years in ordinary household use. This mop is guaranteed for one year against any defects in material or workmanship. We know you will appreciate the many advantages in the use of this mop over the old way of getting down on hands and knees using a slush mop and a bucket of water.

**BISSELL CARPET SWEEPERS**—We just received a beautiful assortment of these new sweepers in various kinds of woods of finishes. All of these new sweepers are "Cyclo" Ball Bearing, and have the rubber bumpers to protect your furniture. No other cleaning device, pneumatic, suction or vacuum, can gather the miscellaneous litter than the Bissell sweeper simply swallows up without effort. These sweepers are the standard of the world—they are light to handle, simple to operate, and always ready. We have a price to suit every purse.

**VAR-NOLEUM** will preserve your lineoleum or oil cloth. Gives it a beautiful lustre and makes it look like new. It saves labor in keeping the floor clean, and preserves the pattern from wearing off. Price, 50c a pint.

## FREE LIST STILL OCCUPIES HOUSE

Republicans Make Perfunctory Attempts to Amend Schedules.

## MAJORITY WORKING SMOOTHLY

Moore Makes Unsuccessful Effort to Take Bibles From Free List—Senate Finance Committee Decided Not to Hold Any Oral Hearings.

Washington, May 6.—The free list of the Underwood tariff bill, with its Democratic promises of reductions in the cost of living, again furnished the gist of the legislative mills of the house this morning. The Republicans, weary by the persistence with which the Democrats rejected all amendments, made perfunctory attempts to put on the dutiable list items the Underwood bill would admit free. Only a few minor amendments presented by the ways and means committee Democrats were adopted.

The senate finance committee decided not to hold oral hearings on the various schedules, but to accept and consider any briefs that might be submitted by those interested in the tariff.

### Arguments Perfunctory.

Republican opposition centered about the paragraphs admitting free of duty coal, iron ore, cotton, wool, wheat, wheat flour, corn, buckwheat, wood pulp and print paper, meats, lumber, leather, potatoes, works of art, fish, steel rails, barbed wire and dairy products. All of the amendments offered were argued in a more or less perfunctory fashion, and the sweltering majority, forced to remain in their seats in the hall where the temperature soared, drowned each succeeding Republican proposition in a deluge of "noes."

At last night's session the Democrats rejected an amendment offered by Representative Good (Ia.) to provide for ante-mortem inspection of foreign meats. Free listing meats, Good pointed out, would repeal the provision in the present law for such inspection, and he insisted that voting down his amendment would result in flooding the country with diseased meat from rejected cattle.

### Willis Supports Amendment.

Representative Willis (O.) supported the amendment. Representative Underwood declared the Republicans overlooked a provision of the pure food law requiring inspection certificates satisfactory to the secretary of agriculture on all meat imported. If this law had any loopholes in it, he said, the Democrats would pass one that would absolutely safeguard American health.

An unsuccessful effort was made by Representative Moore (Pa.) to have Bibles taken from the free list. He paid tribute to the Scriptures, but said he saw no reason why bibles of foreign manufacture should be admitted free of duty for sale in this country.

### MUST PAY BACK MONEY

Court Rules Against Woman Who Used Spooks to Get Cash.

Washington, May 6.—Laura B. Cramer, a state department clerk, charged with having used "spook influence" upon Fentons J. Hurd, a Greenwich (Conn.) millionaire, to obtain \$40,000, will have to turn the money back to his estate. Mrs. Cramer admitted having obtained \$24,000 "because Hurd was grateful for her care of him," and a lower court left her in possession of the money. The court of appeals reversed that decision. The next step in the proceeding, which has been a long one, will be to locate the money, said to be tied up in securities. Hurd was declared incompetent by the Connecticut court.

### NEW YORK SCHOOL BOYS WILL CUT OUT PASTRY.

New York, May 6.—New York school boys have been asked to continue until June 6, at least, a test in self-denial, in which they will abstain from using cheap candies, unwholesome pies, greasy pastry, and soda water flavored with highly colored syrups. The Public Schools' Athletic league makes the request and promises to the boys who keep their pledge that they will excel in athletic contests to be held in Central park on June 6, when 10,000 will participate.

### First White Born in Nebraska Dies.

Neenoka, Wis., May 6.—Mrs. Martha Allis Hollins, aged seventy-two years, widow of the late Judge George W. Hollins of Minneapolis, died at the home of her daughter, Mrs. Herbert A. Robinson, in this city. Mrs. Hollins had the distinction of being the first white child born in the state of Nebraska. She was a daughter of the late Rev. Samuel Allis and she was born on the present site of Omaha, Nov. 15, 1841.

### Smothered Infant Brother in Pillows.

Winfield, Kan., May 6.—Leroy Neal, the three-months-old son of L. D. Neal, living here, was smothered to death by his brother, two years old, who, while at play, piled pillows upon the baby's head.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardul.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it.

It may be just the medicine you need.
